Your eligibility will terminate on the last day of the month that follows the month for which your employer last makes required contributions.

ELIGIBILITY RULES – RETIRED EMPLOYEES

Following your retirement, you will be eligible for retiree benefits provided all the following requirements are satisfied:

- ◆ You have been eligible for benefits under the Welfare Fund as an active employee for at least 16 of the 20 years prior to your retirement.
- ◆ You have attained age 55 or are totally disabled.
- ◆ You are entitled to receive a retirement benefit from the IBEW Local 269 Pension Fund or you have been eligible as a non-bargaining employee.
- ◆ You make the required contributions in the amount established by the Trustees. If you have attained age 65 or are totally disabled, no contribution is required. The required monthly contribution for early retirees under age 65 is as follows:

Single: \$708
Parent and 1 Child: \$1,224
Husband & Wife: \$1,224
Family: \$1,848

If you fail to make the required contributions prior to age 65, you will not be eligible as a retired employee after age 65.

The health insurance provided under the Welfare Fund is secondary to Medicare (Part A and Part B). Do not refuse Medicare Part B coverage when it is offered to you or your eligible dependent(s). While Medicare will charge for Part B coverage, the Welfare Fund assumes that you and your eligible dependent(s) have this coverage even if it is rejected. In general, individuals become eligible for Medicare on the first day of the month upon attainment of age 65, or 24 months after becoming eligible for Social Security Disability benefits, if earlier.

ELIGIBILITY RULES – DEPENDENTS

1. The spouse of the employee under a legally valid existing marriage under the laws of the state where the covered employee lives.
2. The employee’s natural child, stepchild, legally adopted child, foster child or legal ward **provided the child has not reached the end of the month in which he or she turns 26 years of age.**
3. Any other child of an employee or their spouse who is recognized in a Qualified Medical Child Support Order (QMCSO) or National Medical Support Notice (NMSN) which has been issued by any court judgement, decree, or order as being entitled to enrollment for coverage under the Plan, even if the child is not residing in the employee’s household.
4. Adopted children, who are less than 18 years of age at the time of adoption, shall be considered eligible from the date the child is placed for adoption.
5. A child who is unmarried, incapable of self-sustaining employment and dependent upon the employee for support due to mental retardation and/or physical disability, and who was covered under the Plan prior to reaching the maximum age limit or other loss of dependent’s eligibility, will remain eligible for coverage under this Plan beyond the date coverage would otherwise be lost.

The Fund will require proof of dependent status.

COBRA

If you or your dependent loses eligibility, self-pay continuation of coverage is available under COBRA for a limited period of time. Your accumulated reserve hours will be applied before self-pay is required. The current monthly self-pay rates under COBRA are:

Family	\$ 1,540.00

DEPENDENT COVERAGE IN THE EVENT OF YOUR DEATH

Following your death, your surviving spouse and dependent children will remain eligible for health benefits until the earliest of the following dates:

3. The date surviving spouse becomes eligible for health benefits under another group plan.

Understanding the Prescription Drug Formulary

The drug formulary utilized by the Welfare Fund is a list of medications published by the Welfare Fund's Pharmacy Benefit Managers. Medications on the list fall into one of the four categories:

Generic Drugs – An FDA approved drug, composed of virtually the same chemical formula as a brand-name drug.

Preferred Brand Name - If a generic medication is not available for your condition, your doctor may prescribe a brand-name medication. Preferred Brand Drugs have been evaluated by physicians and pharmacists at the Pharmacy Benefit Managers and are deemed to be the most cost-effective way to treat a specific condition. These are covered at a slightly higher cost to you than generic drugs but at a lesser cost than the Non-Preferred Brand Drug.

Non-Preferred Brand Drugs - In the event you require a prescription medication that is neither generic nor on the Preferred Brand Drug list, you will pay the highest out-of pocket cost for a Non-Preferred Brand Drug.

Specialty Drugs – Prescription medications that require special handling, administration or monitoring. These drugs are used to treat complex, chronic and often costly conditions such as multiple sclerosis, rheumatoid arthritis, hepatitis C and hemophilia.
