

**SUMMARY PLAN INFORMATION PREPARED FOR CONTRIBUTING EMPLOYERS
AND EMPLOYEE REPRESENTATIVES
OF MULTIEMPLOYER PLANS**

INTRODUCTION

This notice includes important information regarding the IBEW Local 351 Pension Plan (“the Plan”). A recent change to federal pension law requires the Administrator of a multiemployer pension plan to furnish summary plan information to contributing employers and employee representatives. This notice is for the plan year beginning January 1, 2016 and ending December 31, 2016 (the “Plan Year”).

Under federal pension law, the Administrator of any employee benefit plan must file an annual report (Form 5500) for a given plan year by the last day of the seventh month after the close of such year with the Secretary of the Department of Labor. The filing of the annual report may be extended. Federal law further requires the Administrator of any multiemployer pension plan to furnish summary plan information from the annual report to each employee organization and to each employer with an obligation to contribute to the Plan, within 30 days after the date the Plan’s annual report is due.

Critical or Endangered Status

Under federal pension law a plan generally will be considered to be in “endangered” status if, at the beginning of the plan year, the funded percentage of the plan is less than 80 percent or in “critical” status if the percentage is less than 65 percent (other factors may also apply). If a pension plan enters endangered status, the trustees of the plan are required to adopt a funding improvement plan. Similarly, if a pension plan enters critical status, the trustees of the plan are required to adopt a rehabilitation plan. Rehabilitation and funding improvement plans establish steps and benchmarks for pension plans to improve their funding status over a specified period of time.

The Plan was not in endangered or critical status in the Plan Year ending December 31, 2016.

If the Plan is in endangered or critical status for the plan year ending December 31, 2017, separate notification of that status has or will be provided.

Employer Withdrawal

The total number of employers that withdrew from the Plan during the preceding plan year was 0.

The total aggregate amount of withdrawal liability assessed, or estimated to be assessed, against the aforementioned withdrawn employers, as reported in the annual report for the Plan Year is \$0.

Extension of Amortization Period

The Plan has not sought/received an amortization extension under federal pension law's prescribed requirements. An approved extension extends the period of time required to amortize any unfunded Plan liabilities.

The Plan has not used the shortfall funding method for the Plan Year.
