Loan Amount

Loans are available if provided for in your Employer's Retirement Program.

The minimum loan amount is \$1,000. The maximum loan amount (when added to the current outstanding amount of any loans) is limited to the lesser of:

- a. 50% of a participant's vested account balance.
- b. \$50,000, reduced by the highest outstanding balance of loans during the one-year period immediately preceding the date a loan is to be made.

Loans are available for one or more of the following financial needs:

- Medical expenses of at least \$500 incurred by you, your spouse, or dependent child that have not been reimbursed by insurance.
- Tuition and/or room and board expenses for you, your spouse or dependent child to attend an educational institution above the high school level or a school for handicapped children.
- Purchase of a home, cooperative or condominium apartment for your principal residence for which you have incurred down payment, contract or title expenses.
- Funeral expenses incurred due to the death of your spouse, child or parent or spouse's parent.
- Unpaid mortgage payments for a primary residence due to financial hardship.
- Expenses due to being disabled for at least 14 consecutive days (not to exceed the New Jersey State disability benefit amount).
- Home improvement to your primary residence of at least \$5,000
- Wedding expenses of at least \$5,000

Prudential cannot process any loans which do not meet these requirements. For federal tax purposes, the \$50,000/50% limit applies as if all qualified retirement plans of the same employer in which you participate were a single plan and all related employer's plans were the same plan. Since Prudential cannot monitor your loan activity relating to any of your employer's other plans or programs, it is your responsibility to do so. Failure to adhere to these limits may result in undesirable tax consequences.

Interest Rate

The default interest rate on your loan will be equal to the prime rate, as shown in the Wall Street Journal fifteen (15) days prior to each calendar quarter, plus 1%. This rate will not change during your loan repayment period.

Prudential will declare the loan interest rate quarterly; however, Prudential reserves the right to change the loan interest rate more frequently. Prudential also reserves the right prospectively to change the basis for determining the interest rate with 30 days notice to contract holders. These rights will only apply to a loan issued after the change(s) takes effect, not to an existing loan.

Interest on your loan is not deductible for Federal Income Tax purposes.

Payments

For purposes of withdrawals, transfers, death benefits to your beneficiary, and annuity amounts, you are agreeing that a portion of your account balance, in an amount equal to the outstanding loan balance, will not be available.

Loan repayments will include both interest and a portion of the outstanding principal. Loan repayments will be invested according to your investment account allocation on the date of the loan repayment unless you elect otherwise. Loans may be paid off in full for both outstanding principal and accrued interest at any time.

The entire payment amount must be submitted to Prudential for each payment due date. If a "short" (less than expected) payment is received, the remaining payment amount must be submitted to Prudential within the allotted grace period (see **DEFAULT** section). A subsequent payment will satisfy the short amount and the remaining payment amount will be applied to principal. The next scheduled payment is still expected.

Payment amounts received in excess of the scheduled payment amount will be applied toward the current payment due (principal and interest) and the excess will be applied toward principal. The loan will then be reamortized according to the reduced principal balance, resulting in lesser interest due on the loan.

Principal only payments can be remitted under separate cover to the address listed below. You must indicate that you are remitting a principal pre-payment, otherwise the next scheduled payment (principal and interest) will be satisfied before the excess amount is applied toward the principal balance.

The entire outstanding balance of the loan plus accrued interest may be repaid, without penalty, at any time. Please call our toll-free 800 number, 1-800-562-8838, to determine the amount necessary to pay off your loan. This quote is valid for five (5) business days.

You will receive a Loan Bill approximately 20 days prior to your payment's due date.

PLEASE RETAIN FOR YOUR RECORDS

Defaults

Loans default upon a determination by the Plan Administrator (or its agent) for the following reasons:

- Your failure to pay on time (including within any grace period allowed under the loan procedures used for the Plan);
- Your death;
- Your failure to pay on time any other or future debts to the Plan;
- Any statement or representation by you in connection with the loan which is false or incomplete in any material respect;
- Your failure to comply with any of the terms of this Note and other Loan Documentation;
- If you become insolvent or bankrupt;
- Any other action the Plan Administrator reasonably determines to adversely affect your ability or likelihood to repay the loan; or
- Your employment with the employer sponsoring the Plan terminates. However, to the extent allowed under the Plan, you may continue repayment after termination from employment provided you make regular payments no less frequently than quarterly on a revised schedule of amount and payment dates calculated by the Plan Administrator or its agent to repay the loan with interest in full in substantially equal payments over the remaining original period of the loan.

If you default, Prudential or your Plan may, at its option, without demand or notice, accelerate the loan so that the entire amount of unpaid principal and accrued interest will be considered in default and tax reported as income to you. Failure to take action when one of these events occurs does not constitute a waiver on the part of Prudential or your Plan.

If your loan is in default, the outstanding balance is required under federal tax law to be treated as a taxable distribution to you and will result in taxation in the year of default and the possible imposition of a federal income tax penalty. Prudential will send the appropriate tax information form to you and the IRS and you will be responsible for paying any tax consequences and penalties.

Loan defaults may effect your eligibility for future loans. Pursuant to IRS regulations, the defaulted loan (including interest) remains outstanding for purposes of determining your maximum loan. You may be required to payoff your defaulted loan (including interest) in order to be eligible to initiate another loan.

Fees

A loan application fee will be deducted from your account at the time the loan is initiated. The calculated loan amount will be determined against the participant's vested accrued account balance after the fee has been deducted.

There is an annual maintenance fee of \$25. This fee will be deducted from your account on a quarterly basis in equal amounts for the life of the loan.

Other

Unless specified in your Employer's plan, you are allowed only one outstanding loan at a time.

Right of refusal: In the event you elect to refuse this loan, you have ten (10) business days from the issue date to return the original loan check to Prudential. The full proceeds of the loan will then be reinstated into your account upon receipt of the returned check. The returned proceeds will then be invested as dictated by your current investment election, at current market prices as of the settlement date of such transaction. Please note: By not endorsing this check and refusing this loan, the amount of this check will still be considered a loan for purposes of determining the maximum loan allowed by law for future loans.

Please see your Plan Administrator to obtain a copy of the plan's loan policy.
